

The "Victor"^{Duncan}

A LOW PRICE SMOKELESS SHELL

BETTER THAN EVER
for it has a
HIGHER BRASS CUP
— and —
A WIDER RANGE
OF LOADS

A Better Smokeless
Shell for less Money.

*Without a Rival
at its price.....*

A Peerless Shell for Field or Traps that costs less....

THE Peters Victor Shell, with its higher brass, genuine hair felt wads, special powder and wide range of selective loadings, is acclaimed by an army of shooters as the best shell ever made for the price.

In its own field—quail, rabbit, snipe, grouse, woodcock, etc.—and at the traps, it is unsurpassed by any other shell at any price. It reaches out and smashes the “target” with marvellous speed, punch and uniformity. It fills the shooter’s bag without emptying his pocketbook.

Loaded in 12, 16 and 20 guage, in all combinations to give superior results. 12 guage—up to and including $3\frac{1}{2}$ drs., $1\frac{1}{4}$ oz. shot (heavy load class), and BB. 16 guage—up to and including $2\frac{3}{4}$ drs., 1 oz. shot.

Remember, *extra quality at no extra cost!* If you want to save money and yet get a load that lands the shot where you want it, with lightning speed, deadly energy and unfailing uniformity, buy Victors. They will add a new zest to your sport.
