

Compare THE ACCURACY

OLD ROUND BALL

Average group at fifty yards. It requires careful stalking, broad targets and "lady-luck" to bag game with round ball loads.

NEW *Remington* RIFLED SLUG

Accuracy tests using a Remington Model 31 shotgun prove the New "Nitro Express" Rifled Slug outshoots the old round ball. You can bring down big game at long range... actually aim at and **HIT** a vital spot.

HANDY PACKAGE FOR NITRO EXPRESS RIFLED SLUGS

"Nitro Express" Rifled Slugs are packed in regular cartons containing 25 shells. Five smaller cartons, each containing five shells, are packed in the regular carton. Buy a box of 25 and test a few so you will know where they hit. Then you are all set for big game. When hunting quail, grouse, rabbit, etc., a carton of five slips conveniently into a separate pocket for a chance shot at deer, bear, fox and other game.

"Nitro Express" and "Kleanbore" are Reg. U. S. Pat. Off. by Remington Arms Co., Inc.

"NITRO EXPRESS" RIFLED SLUG BALLISTICS

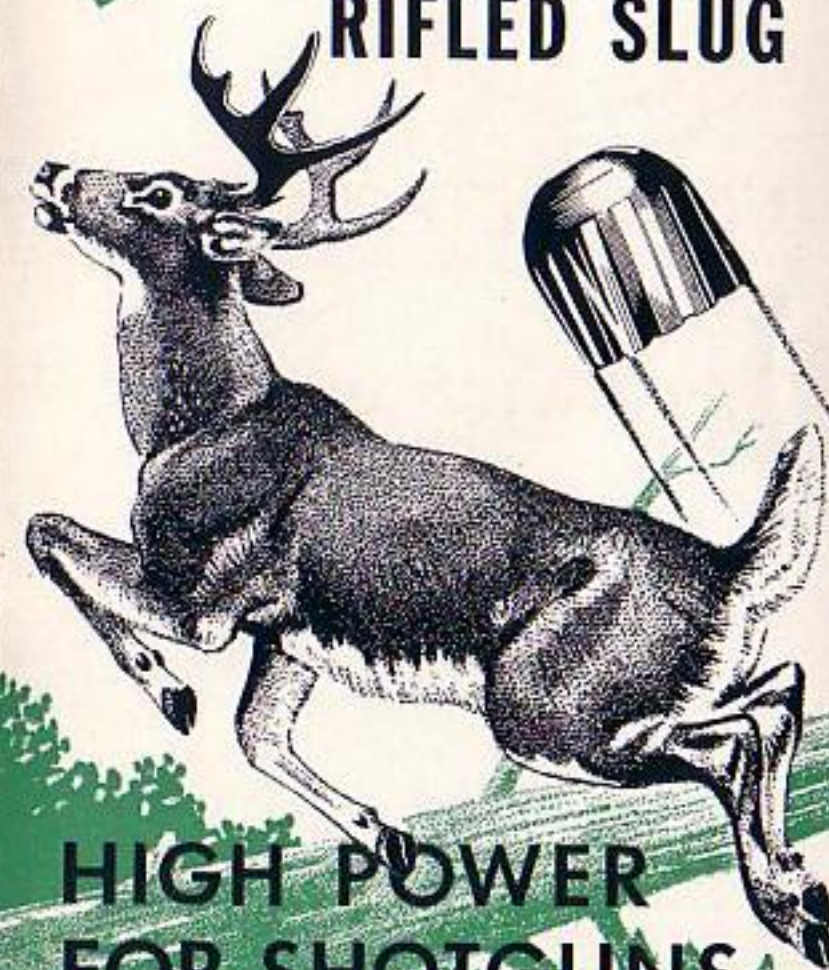

Ga.	Weight of Slug Grs.	Muzzle Velocity	Energy		Mid-Range Trajectory in Inches

NEW *Remington* NITRO EXPRESS RIFLED SLUG

HIGH POWER FOR SHOTGUNS

TEST THE POWER OF "NITRO EXPRESS" RIFLED SLUGS IN YOUR GUN . . .

REG. U. S. PAT. OFF.

Hunters everywhere welcome the new Remington "Nitro Express" Rifled Slug because it is a 100% improvement over the round ball load. They cost but little more and a *sure hit* is worth a whole lot more.

The improved bullet-type shape, external rifling and hollow base cause the slug to travel with remarkable accuracy. Its wide cross sectional area has terrific shocking effect on big game. The ballistic energy of this amazing slug actually exceeds that of many sporting rifle bullets.

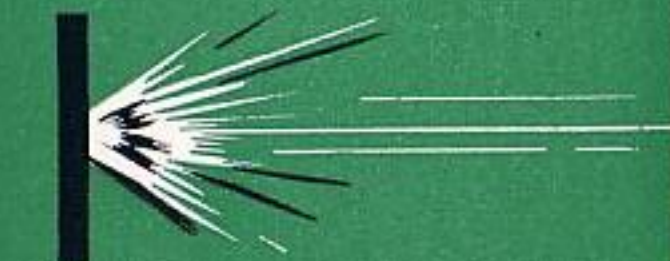

These facts are of special interest to sportsmen living in states where shotguns are used extensively in hunting big game. Now you can shoot at deer and other game, confident that the "Nitro Express" Rifled Slug will hit where you aim. In addition, these shells have "KLEANBORE" PRIMING 100% non-corrosive, WET-PROOFING, extra SPEED, and tough CORRUGATED BODIES that can take rough treatment. Supplied only in the exclusive Remington green colored shell.

"Nitro Express" Rifled Slug Loads are available for 12, 16, 20 and 410 gauge shotguns intended for maximum loads and in good condition. They may be used in any boring of gun from cylinder to full choke with more efficient results than the round ball load. Slug weights are as follows: 12 gauge, 1 oz.; 16 gauge, $\frac{7}{8}$ oz.; 20 gauge, $\frac{5}{8}$ oz.; 410 gauge, $\frac{1}{2}$ oz.

While hunting upland game, a small package of "Nitro Express" Rifled Slugs in a side pocket is the right medicine for deer, bear, cougar, fox and other game you chance to see.

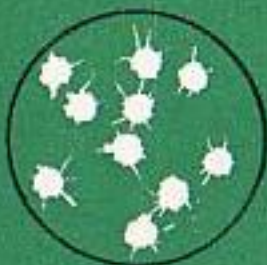

Rifled Slugs offer new game-getting opportunities to the shotgun shooter. Get your share of fun during the hunting season, and when you stop at your local dealer, ask for "Nitro Express" Rifled Slugs.
