These Loads are formulated with great care for Trap and Expert Field Shooting, to give high velocity, close and uniform pattern, with great penetration. Same price as ordinary. Give these a trial.

These Special Loads will be supplied with 6 and 7 shot when desired, but no other variation.

"NEW CLUB" Shells will be loaded by us with BLACK POWDER ONLY.

## SMOKELESS AND TRAP SHELLS.

Loaded with Nitro Powder.

SCHULTZE E. C., S. S., DUPONT, TROISDORF AND AM. WOOD.

"U. M. C. Smokeless" Shells will be loaded only as below stated. Heavier charges will be loaded to order in "Trap" Shells. U. M. C. Trap Wads, grease proof and elastic, are used next to the powder, thereby greatly improving the uniformity of combustion and force of the powder charge, and giving increased velocity, pattern and penetration.  
Packed 25 in a box; 500 in a case.

TO THE TRADE.—The good reputation of our Loaded Shells will be maintained by strict adherence to our fixed principles of loading, best and most suitable grain of powder, correct size wads, square crimp, etc. No variations can be made that, in our opinion, will detract from the quality. Special labels or special numbers cannot be used.
